DELL™ VOSTRO™ 1220 LAPTOP

The No Compromise Ultraportable

Get an uncompromised business ultraportable that won't break your budget. Compact, stylish, and secure for small business, the Vostro 1220 gives you the full power you enjoy from larger laptops at a price you can afford. Customize a Vostro 1220 that's right for your business, so you can achieve more while spending less.

DISCOVER FULL FEATURED AFFORDABILITY:

It may sport a sensible price tag, but the Vostro 1220 lets you enjoy the custom options you've come to love on Dell small business laptops, —so you can get to work quickly using only the features you need.

- **Stay light on your feet without sacrificing power** -- The thin and light ultra-mobile 12.1" Vostro 1220 at 3.36lb/1.52kg[1] starting weight is equipped with latest Intel® Core™ 2 Duo processors.
- **Customize core features,** including an energy-efficient Premium LED screen with wide view, two striking finishes (Obsidian Black and Deep Cherry Red), or solid state drives for 3 times the reliability of traditional hard drives[2].
- **Energy-conscious performance** with optional energy-saving Premium LED screen and get an ENERGY STAR® 5.0 qualified product out of the box - on select configurations.
- **Easily exchange data** with colleagues or between devices via the 3-in-1 media reader, or use the 3 USB ports for easy data transfer and fast connection to printers, external audio systems and other peripherals.
- **Add service & support[3]** for peace of mind now and later. Options include Dell On-Site System Setup[4], and CompleteCare™ Accidental Damage Service[5] for reliable coverage when accidents happen.

ACHIEVE MORE WHEREVER WORK TAKES YOU

With its compact 12.1" screen, 3.36lb/1.52kg[1] starting weight and full 9 hour[6] day battery life, Vostro 1220 is an easy travel companion. Equally, smart mobility options under the hood help to put you beyond the reach of ordinary ultra-portables.

- **Get more done** with long-lasting battery life (up to 9 hours[6] with the optional 6-cell battery) and Dell's Extended Battery Service option.
- **Enjoy remote collaboration** in and out of the office, using the optional 1.3 megapixel camera and digital microphone using Dell's free Video Chat software. Only Dell delivers a complete video conferencing solution in its small business laptops[7].
- **Stay in touch** on the road and in the office. Connect fast with 802.11 draft-n wireless LAN, or with the optional Mobile Broadband external solution[8]. Enjoy future scalability with WiMAX (U.S. only) or get wired connectivity where broadband isn't an option with a standard internal modem.

PROTECT YOUR CRITICAL BUSINESS DATA

No one wants to think about the lost productivity or recovery efforts involved with data breaches or system failures. The Dell™ Vostro™ 1220 offers more security options than comparable Acer, HP and Lenovo small business systems[9].*

- Defend your laptop against prying eyes and data theft with easy-to-use security options such as a fingerprint reader and fully encrypted hard drive with Wave software.
- Protect critical data using one of several primary storage options: 7200rpm with free-fall sensor for coverage against accidental drops, or a solid state for extreme performance, higher reliability[2] and a longer lifecycle rating.
- Shield internal components with the comfortable, spill-resistant keyboard, which helps to protect your Vostro 1220 against accidental liquid damage.
- Safeguard proprietary information with the DellBackup and Recovery Manager software or by subscribing to services such as Dell ProSupport[10] Hard Drive Data Recovery, Dell ProSupport[10]Certified Data Destruction and Dell DataSafe Online.

Features	Vostro 1220
Processors	• Intel® Core™2 Duo Mobile or Celeron
Operating System	• Genuine Windows Vista® or Windows® XP Professional through Windows Vista Downgrade Service • Ubuntu Linux (China only) • FreeDOSTM operating systems
Chipset	• Intel® 45 Express Chipset
